

Web tester

Opportunity

An exciting opportunity has arisen for a **Web Tester** to join the Axis12 team!

We're looking for a talented and driven individual who will play a key role in delivering some of the best online projects for cultural institutions including Southbank Centre, Somerset House, British Film Institute, Tate, Kew Gardens and Royal Museums Greenwich.

You will work in an Agile project management environment, be involved in multiple projects at any one time and will work closely with a talented team to deliver top products for some truly great institutions. Your role is to help deliver valuable and inspiring websites / apps from concept to delivery.

The successful candidate will be a strong communicator, excellent multi-tasker, eager to solve problems and have strong technical knowledge. You will enjoy working in a team environment and thrive on varied and interesting challenges.

Key responsibilities

- Work with developers, business analysts and project manager during the requirements analysis and specification stages to identify test areas and create initial testing estimates and timescales
- Participate in sprint planning and provide input on the acceptance criteria specified for each new feature
- Define test scripts and data in preparation for test phases
- Contribute to and document the agreed testing strategy
- Coordinate testing retrospectives and implement lessons learned
- Manage test metrics and report on quality performance over time

You'll have:

- Experience working as a tester in an Agile web development environment

- Ability to participate in several projects at once, and effectively manage your own resources
- Exposure to functional, accessibility, cross-device, cross-browser and performance testing
- Strong communication and negotiation skills
- Ability to prioritise effectively
- Excellent problem solver

It would be nice if you had:

- Some experience with Drupal and/or similar CMS driven projects
- Experience in writing and performing automated test scripts
- An interest in User Testing

You'll receive:

- Flexible working environment including occasional remote working when required
- Flexible start – finish times
- The chance to work on both client facing projects and internal incubator products
- Private healthcare with Vitality
- Holiday allowance that increases with longevity
- Company contributions towards gym memberships
- Optional Pension Plan
- Regular staff outings and social events (we've gone to Ibiza for the last few years!)
- Cycle to work scheme
- In-house training and development opportunities
- Well supplied kitchen with coffee machine / refreshments
- Based in central London location

Want to join us?

Send a CV and cover letter to jobs@axistwelve.com, and complete the video interview on Spark Hire <https://hire.li/1824a8b>

Please note:

- The video interview is a self-schedule service, and the deadline is Wednesday 17 April, 6pm GMT.
- Only applicants who are eligible to work in the UK, will be contacted as part of the shortlisting process.

STRICTLY NO RECRUITMENT AGENCIES.
